

Congratulations on the purchase of your OMRO Goat & Sheep Double-Sided Feeder

Available in 8' or 4' Lengths -
They make feeding easy and efficient.

- The feeders are **Galvanized** for years of rust-free service!
- The "W" feed pan discourages kids and lambs from lying in the feeder
- Less waste
- Higher sides keep animals OUT!
- Basket allows feeding hay or grain from the top
- Pans below for feeding grain
- Ends of grain pan are open for easy cleaning/drainage
- The 8' model easily feeds 12 animals
- Available in a 4' model for smaller herds or for use in small barn spaces

**Please visit our website for photos and a
video showing the intended use of this
feeder:**
